for March as calendar day for the
coming month. Temperatures of from
4 to 10 above zero are pleasant to
contemplate for the first month of
spring.

DIED.

BENNETT—In Preston, Feb. 27, 1920,
Charles Hewitt Bennett, aged 33
years.
Notice of funeral hereafter.

TROLLEY ROAD STILL FIGHTING SNOW

The New Haven railroad stepped in
Friday afternoon to add to the dif-
ficulties which the Shore Line Electric
Railway has had in maintaining trol-
ley service on its suburban lines
from this city, and as a consequence
there were no trolley cars on the line
to Jewett City after the middle of the
afternoon.

A big drift beyond Round Hill in
the town of Lisbon where the trolley
line uses the railroad tracks was
making trouble and the trolley road
had its snowplow and crew ready to
send out to break a way through,
but the New Haven road ordered
that it try to leave the line, and
work to the railroad snow plow,
which was to go north ahead of the
late afternoon train from here.

The railroad officials were afraid that the
trolley snow plow would get stuck
and hopelessly tie up the railroad
traffic. The New Haven road train
from the north due here at 10.25 on
Friday morning did not reach here
until 4 in the afternoon, but at mid-
night Friday it was reported from
the city that the train had been
that they did not know of any trou-
ble on the line then. The southbound
boat train due here at 9.47 was still
in Westport at midnight, but up, it
was reported by had steaming con-
ditions because of the intense cold,
and it was not known what time it
would get here.

From the report from the New Hav-
en station the prospects seem to be
that the Jewett City trolleys can be
running again this (Saturday) morn-
ing.

Montville Line Trouble.

The Montville trolley line has had its
troubles all day Friday. Drifts piled
up near the tuberculosis sanatorium
that called for work by the snow
plows to clear the line, there was an
other bad spot near Fitch's corner,
and the worst spot of all was at
Thames View south of Richards
grove, where the drifts were nine
feet deep.

City Lines Blocked.

Two spots on the city lines also
called for the services of the snow
plows. One was at Park church on
the Yantic line and the other was
near St. Mary's cemetery on the
Tatfield line.

A car with passengers got stuck
in a drift at Preston Plains on the
Western line about 4.30 Friday after-
noon and had to have a snow plow
sent after it to bring it in which was
accomplished after about an hour of
work.

The trolley company kept four
snow plows working all day Friday
and kept cars running over the lines
all Thursday night to keep them
open. The fight with the snow in or-
der to keep the service possible to
the public is costing the trolley
company a lot of money and it would
be no surprise to the officials if the
operations for February show a defi-
cit of \$20,000 when the mayor Robert
W. Perkins files his next monthly re-
port in the superior court.

JUDGE KELLOGG GRANTS DIVORCE TO HUSBAND

Raphael Fontaine of Norwich was
granted a divorce from Katharine
Azalea Fontaine of Chicago by Judge
John P. Kellogg in the superior court
at New London Friday morning. The
grounds were desertion on Sept. 13,
1910. The couple was married on
Aug. 4, 1904, the maiden name of
the wife being Fontaine.

Mr. Fontaine testified that he and
his wife were vaudeville actors and
when in 1910 he was incapacitated and
had to give up the stage, his wife re-
fused to go with him. She paid him
a visit in the spring of 1916 and he
saw her again in the summer of the
same year. Both times he asked
her to come back but she refused, say-
ing that his salary wouldn't buy her
clothes.

The case of Emma L. Miller of Old
Saybrook against Levi P. Miller of
New London was continued for fur-
ther evidence. They were married on
July 12, 1914 and the desertion took
place a month later, when he left for
work and did not return. She said
she has sought him out and asked
him to return but he refused to do so.

Testimony was taken in the case
of Josephine Lane of Norwich against
Frederick J. Lane of Fayetteville, N.
C. The testimony was that Josephine
ried her husband in October, 1914. In
October, 1914 he went to New Jersey
to work and a month later he went to
his former home in Fayetteville and
has not returned since. The case
was continued for the filing of the
certificate of publication.

These cases on the uncontested di-
vorce list were postponed: Ruth
Bingham vs. Richard Bingham; Wil-
liam A. Greenwood vs. Sarah Lily
Greenwood. The cases of Samuel
Horowitz vs. Fannie Horowitz went
off.
